ABOUT US

Our Office

Our Factory

NOVA Vehicle is a professional emergency Warning Light Manufacturer and led vehicle lighting supplier, has been specialized in auto light industry over 15 years. We focus on R&D and commit to develop new products that meet market trends and customer's needs.

Our strength is offering the professional whole vehicle lighting solution for tailer and truck, construction vehicles, transport, utilities, agriculture and forestry,marine, manfacturing and etc., building new product line, upgrading your exsiting product, customizing product with your demands.

Our main products are warning lights, work lights, tail light, interior lights, Camera and monitor etc..

Our service is offering the right products with professional efficient service, the solution will be delivered within 24hours.

Integrity, a willingness to learn and to better our company, innovation, team work and dedication to client service are the foundations of our corporate values.

WORK LIGHT

FEATURE

- Flood light NW36 are designed for all vehicles 12V/24V. They are used as on-road/off-road trucks driving lights,scene lights or tractors working lights.
- Aluminum housing guarantees excellent heat dissipation. The updated sealing design ensures it's IP68 waterproof.
- High transparency PC lens and silica gel cable ensure the pod lights work perfectly from -40 to 80 Celsius degrees on automobiles and heavy-duties
